BLAZYRA

WIN400WB

DESCRIPTION

The **Blazyra** jacket is designed to provide you with comfort and protection in all conditions.
Made of **stretch Softshell** fabric , this padded jacket is **breathable** , **windproof** and **water repellent** , giving you the right thermal insulation without sacrificing freedom of movement. Functionality is at the heart of its design.
You'll find two large zippered front pockets, ideal for keeping your hands warm or storing your belongings, and a large inside pocket. The central zippered closure and adjustable, detachable hood allow you to adjust the jacket as needed.
The cuffs are adjustable with Velcro for a customized fit. For your safety, the jacket has **reflex inserts** on the elbows, which increase your visibility in low-light conditions. It is also designed for customization, with an internal back opening that facilitates printing and embroidery. The product is only available in batches of 1 piece (code IN400) and 10 pieces (code CY400).

MECHANICAL STRETCH

Structural elasticity without added elastic fibers. Ensures comfort, flexibility and long-term shape recovery.

STRETCH FABRIC

Stretch cotton fabric. Combines cotton comfort with elastomeric fiber functionality to create garments that are comfortable, durable and highly breathable.
