

**Model:** ASPEN UK s ESD

**Protection Class:** S3S CI FO SR

**Article:** 0RL20574

**EU Norm:** EN ISO 20344:2021

## DESCRIPTION

**Eco-friendly work shoes** which comply with sustainability criteria, produced to reduce CO2 emissions starting from renewable sources.

They are made of soft **micro-fibre with a high percentage of recycled material**. Aspen UK is a low-cut safety work shoe featuring an **ultra-light AirToe Aluminium toecap** to protect the toes and front part of the foot, enhanced by the **reinforcement**.

The **Save&Flex plus eco-friendly anti-perforation system is totally metal-free** and made of 59% recycled materials. The **sole** of this eco-friendly work shoe obtained from renewable sources is made of **100% PU by BASF** and is **abrasion-resistant, oil-resistant, non-slip** and **anti-static**, enhanced by the **Infinergy® system** which improves the performance by **restoring up to 55% more energy** at every step. Aspen UK shoes are highly breathable thanks to the **WingTex® Green breathable air tunnel lining** made of 66% recycled materials which ensure maximum comfort and well-being for the feet.

Comfort is also ensured by the **anatomic, antibacterial, anti-static** and **self-moulding WOW Green insole** made of PU by BASF. Low-cut safety shoes with protection for **insulation from the cold**, ideal for the automotive sector, industry, logistics and assembly lines.

### UPPER

Soft micro-fibre with high percentage of recycled material

### LINING

Wingtex® Green breathable air tunnel containing 66% recycled material

### TOECAP

AirToe Aluminium

### ANTIPERFORATION

Save & Flex® PLUS GREEN

### MIDSOLE

WOW GREEN made of PU by BASF
