

**Model: BARRET s ESD**

**Article:** ORN10064

**Protection Class:** S3S CI FO SR

**EU Norm:** EN ISO 20344:2021

## DESCRIPTION

Barret are safety shoes made from **innovative materials** to enhance their **innovative Made in Italy design**. Safety shoes with **high tenacity PUTEK® upper**, **water-repellent** and **breathable** with **reinforcement polyurethane** scuff cap and **soft white calfskin lining** that wraps around the foot like a sock extending from the toes to the heel. Barret is equipped with an **anatomical, breathable** and **antibacterial U-Power Original insole** in soft leather to ensure balance and the correct distribution of the foot in the shoes and **Infinergy® system** for an **optimal return of energy of more than 55%** with each step, increasing comfort and well-being every day. High-cut safety shoes with **AirToe Aluminium toe cap** to protect the toes and forefoot. The **metal-free anti-puncture Save & Flex PLUS system**, instead, ensures the total protection of the entire sole of the foot as it is stitched directly to the upper. Barret is characterised by **anti-static and non-slip properties**.
