BASTIAN s ESD

LE20014

DESCRIPTION

S3S anti-slip and anti-static work shoes with lace-up closure in soft microfibre with a high percentage of recycled material. Ultra-breathable Wind 3D lining that, thanks to its microcells, absorbs and disperses moisture. The CompoToe Composite toe cap and the safety toe cap in PU ensure protection of the toes and the front part of the foot, while the GREEN SAFE System anti-puncture system ensures complete protection of the sole of the foot. Eco-sustainable work shoes, comfortable with LUPOS maxi soft sock liner in PU by BASF. Safety shoes with specific protection for isolation of the foot from the cold and equipped with sole in 100% renewable PU by BASF, anti-abrasion, anti-static, anti-oil and anti-slip. Anti-slip work shoes ideal for assembly line, industry, logistics, and automotive.
