

Model: BIOKO

Article: WFU288BB

DESCRIPTION

Rainproof work trousers with **waterproof side zips** that allow you to wear them quickly and easily. **Waterproof work trousers with graphene** applied on the inside, which allows an active interaction between fabric and body, to allow **intelligent thermoregulation** and favour the homogeneous distribution of heat over the whole body. Thanks to the graphene fabric, **these thermo-regulating work trousers**, suitable for any climatic condition, ensure excellent **bacteriostatic** and **odour-control properties**. **Work trousers with front pass-through pockets** closed with **waterproof zip** and **elastic waistband** with adjustable Velcro closure on the bottom. **“U-Power”** reflective **logo** print on the velcro ribbon on the right leg and **“U-Supremacy”** print on the bottom of the left leg. **Men’s work trousers** ideal for: **building** and **construction sites**, **service** and **industry**, **transport** and **logistics**, **farmers**, **gardeners** and **craftsmen**. **Bioko** combines with the **Tutendo** rain shell.
