DESCRIPTION

Men's safety footwears with highly **abrasion-resistant, breathable** and **water repellent** upper in Putek® Plus. **Safety shoes** with "Metal Free" anti-perforation system sewn directly on the upper and **Airtoe Composite toe cap** for complete protection of the sole and toe. **Anti-slip work shoes**, with **oil-resistant, anti-static** and **abrasion-resistant** sole with special **protection from the cold** (at temp. ≤ 10 °C.). **Comfortable and lightweight work shoes** with **WOW2 anatomical insole** that reduces body stress, thanks to the combination of the self-modelling arched insole structure and the **anti-fatigue insert**, improving the feeling of comfort and well-being. **Safety shoes** ideal for: **gas station operators, mechanics** and **tyre repairers, farmers** and **gardeners, transport and logistics, construction sites** and **builders, craftsmen, carpenters, electricians, plumbers, painters, workers.**

PROTECTION CLASS

S3S CI HI HRO FO SR

EU NORM

EN ISO 20345:2022

SIZES

38-47 (UK: 5-12)

UPPER

PUTEK® PLUS highly resistant to abrasion, water repellent and breathable

TOECAP

AirToe Composite

MIDSOLE

WOW2 anti-fatigue

ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

PU TEK PLUS

A high-tech fabric exclusive to U-Group, offering high abrasion resistance and optimal flexibility. Designed for S3 safety footwear, it guarantees four times the breathability of standard PU Tek, as per ISO 20344:11 testing. It is a durable material that is completely PVC-free.

LINING

Wingtex® breathable air tunnel

ANTIPERFORATION

Save & Flex® PLUS

SOLE/TREAD

PU/VIBRAM

VIBRAM®

A world leader in the industry, Vibram® develops rubber soles designed to ensure grip, stability, durability and safety. The result of over 80 years of research and innovation, they combine advanced design and exclusive compounds to deliver high performance, comfort and reliability in any environment.

AIRTOE COMPOSITE TOECAP

A versatile solution made from a completely metal-free composite material. Weighing approximately 50 grams, it offers excellent thermal insulation and a lightweight design suitable for prolonged use in a variety of working environments.

SAVE & FLEX® PLUS

Save & Flex® PLUS anti-perforation insert. Textile, metal-free protective insert designed to provide superior lightness and flexibility compared to traditional steel plates. Sewn directly onto the upper, it ensures full-foot plantar protection. It offers sole penetration resistance up to 1100 N in compliance with current safety standards.

WOW 2

Anatomical footbed composed of two technical elements: an arch support structure made from a dynamic BASF compound with self-moulding properties, designed to evenly distribute body weight, and an anti-fatigue insert made from a special BASF compound. This combination reduces bodily stress caused by prolonged standing, helping to minimize daily fatigue throughout the working day.
