BRIO

WFU341DG

DESCRIPTION

Brio is the **U-Power work vest** that embodies innovation in protection and comfort for professionals. **Made with a water-repellent Softshell** exterior and graphene-enhanced microfleece interior, it ensures uniform heat distribution and resilience in all weather conditions. This vest is designed to combine lightness and durability, making it perfect for intensive use in work environments. **Multiple pockets**, including two hand-warmer pockets and two vertical zip chest pockets, offer **outstanding practicality**. The right chest pocket has a contrasting zipper, while two large internal pockets allow safe storage for bulkier items. The design is enhanced with **reflective inserts** on the chest and back for improved visibility, while the **waterproof central zipper** provides added protection against the elements. Finishing touches include the rubber label “lion’s head” logo and the “U-Power” logo on the chest and back. Available in four different color variations: Black Black, Deep Blue, Dark Green, Grey Grey.

GRAFENE

Ultra-light structure with high thermal conductivity that promotes even heat distribution, offers antimicrobial properties and enhances fabric durability.

SIZES

XS-5XL
