

Model: BRUCE s ESD

EU Norm: EN ISO 20344:2021

Article: 0RV20026

DESCRIPTION

Bruce is the **super light safety shoe** style with a breathable **Nylon upper** and **abrasion-resistant scuff cap on the toe**. **Summer safety shoes** with an innovative sole made with a **new generation** ultra-light PU **compound**, which significantly **reduces** the overall **weight** of the **shoe**. The shoe is lighter than ever thanks to the use of an **ultra-light perforation-resistant system** to protect the sole of the foot and **AirToe Aluminium toecap**. **Comfort** and **prolonged wellness** are guaranteed by the presence of the **anatomical U-Power Original** in light polyurethane compound, **antibacterial** and **breathable**, and the **WingTex air tunnel lining** that ensures high breathability and foot health. **Safety shoes for men and women** with **non-slip, abrasion-resistant, oil-resistant and anti-static protection soles**. **Safety footwear** ideal for: **warehouse workers, transport & logistics, electricians, carpenters and craftsmen** in general.
