

Model: CANYON UK s ESD

EU Norm: EN ISO 20344:2021

Article: ORI20346

DESCRIPTION

Safety shoes with zero CO2 emissions that use recycled materials and materials obtained from renewable sources to achieve climate neutrality. U-Power Green shoes meet the twin needs of respecting the environment and paying attention to the product's eco-sustainability by using recycled materials and materials obtained from renewable sources, ensuring the safety of the worker and the recognised quality of the U-Power name. This safety footwear features a soft suede microfibre upper with breathable inserts and highly breathable Wingtex Green inner lining, both containing a high percentage of recycled material. Light and comfortable work shoes from the Red Industry Green range with ultra-light AirToe Composite toe cap which weighs just 50 gr and Save & Flex Plus Green anti-puncture system, completely "Metal Free" and containing 59% recycled material. Comfort is guaranteed by the anatomic, anti-bacterial, ESD WOW2 Green insole made in BASF PU 100% obtained from renewable sources that accommodates the foot with a sensation of comfort and lightness, for a prolonged sense of well-being throughout the day. The sole in BASF PU is also 100% obtained from renewable sources and is abrasion resistant, oil resistant, anti-slip and anti-static. Safety shoes for working in industrial, logistics, assembly line and automotive environments.
