DESCRIPTION

Safety boots in soft, hard-wearing, water repellent, Pull-up leather with PU-reinforced scuff cap, double lace and Kevlar® DuPont™ stitching that ensure outstanding mechanical resistance to traction and heat. Safety footwear with special insulation against heat and cold. The sole in PU/Vibram is particularly suited for use on treacherous surfaces and uneven ground, improving stability and grip. Aluminium AirToe toe cap to protect the tip of the foot and Save & Flex® PLUS, all-fabric, anti-puncture system stitched directly onto the upper for total coverage of the surface of the foot. Ideal work shoes for wet and cold environments, for building sites, gardens and agriculture, installations, port areas, road works and maintenance and in every situation in which outdoor footwear is required that has a particular need for the sole of the shoe to be insulated against heat and cold and the sole to have greater resistance to heat. Anti-slip, oil resistant and abrasion resistant sole.

UPPER

Water repellent, Pull-up leather

LINING

WingTex breathable air tunnel

TOECAP

AirToe Aluminium

ANTIPERFORATION

Save & Flex PLUS®, anti-puncture, "no metal" fabric insole

MIDSOLE

U-POWER original

SOLE/TREAD

PU/VIBRAM and Infinergy®

PROTECTION CLASS

S3S CI HI HRO FO SR
