

## DUBLINO

WIN231BC

### DESCRIPTION

**Dublino** is a **work vest** suited to professionals who are looking for a **functional, high-quality** garment. Made of **mechanical stretch Soft Shell fabric**, this **U-Power work vest** offers excellent **breathability** and **protection**, with its **windproof** and **water-repellent** properties. The multi-pocket design makes it ultra-practical for all types of work. This **multi-pocket work vest** features two zipped pockets on the front, perfect for safely storing and providing easy access to tools and other items. The adjustable drawstring and shaped bottom create a snug individual fit and extra comfort. Ideal for a wide range of jobs, the Dublino work vest is highly versatile. It is particularly suited to sectors such as **transport** and **logistics**, **building** and **construction**, and **service** and **industry**, where resistance to the weather and practicality are essential. Available in three different colour variations: **Black Carbon**, **Westlake Blue**, **Grey Iron**. The work vest is also available in bundles of 10 (code CY231).
