EDGE

0SO10773

DESCRIPTION

U-Power Edge shoes are **high-top work footwear** designed to ensure superior **safety**, **comfort** and **durability**. Featuring a **water-repellent**, **full grain leather upper** and **no stitching**, these shoes offer effective protection against damp and an excellent sensation of comfort throughout the working day. The quality of the leather and absence of stitching eliminate any potential pressure points, ensuring a **snug**, **comfortable fit** that **reduces foot fatigue** even after hours of use. For all-round safety in the workplace, the Edge style includes the **lightweight**, **sturdy AirToe Composite toe cap**, ideal for protecting the foot from accidental impacts. The **ergonomic, steel, anti-perforation plate** also **guarantees maximum protection** of the sole of the foot from any risk of punctures, without compromising the flexibility of the shoe. The two-component PU/Vibram® sole ensures excellent resistance to slipping, oil and abrasions, making it perfect even on very difficult ground. **Available in sizes from 38 to 47**, these **high-top safety shoes** are ideal for anyone looking for sturdy, reliable work footwear without foregoing comfort and design.

PROTECTION CLASS

S3 CI HI HRO FO WG SR

EU NORM

EN ISO 20345:2022 S3 CI HI HRO FO SR, EN ISO 20349-2:2017+A1:2020 WG

AIRTOE COMPOSITE TOECAP

A versatile solution made from a completely metal-free composite material. Weighing approximately 50 grams, it offers excellent thermal insulation and a lightweight design suitable for prolonged use in a variety of working environments.

ERGO DRY

Anatomical footbed developed according to foot morphology, composed of a combination of an activated carbon felt base and an open-cell fabric layer. The structure is breathable, abrasion-resistant, non-slip, antibacterial, antistatic, and washable. Designed to keep feet dry, it is also available in the White ErgoDry version, specifically intended for white footwear and the food industry sector.
