

Model: FLORIAN UK s ESD

Article: LA20014

DESCRIPTION

S3S work shoes with anti-static and anti-slip protection to ensure maximum safety and comfort. The upper is made in PUTEK® PLUS, highly resistant to abrasion, water repellent and breathable. They have a reinforcement safety toe cap in PU to support the Compo Toe Composite toe cap for greater protection of the toes and the front part of the foot. Wingtex perforated lining with air channels for the absorption of the moisture due to perspiration of the foot. The foot is further protected thanks to the SAFE System anti-puncture system made with anti-puncture insole in composite material completely metal free. The LUPOS maxi soft sock liner and the anatomic insole ensure maximum comfort and foot wellness. Winter safety shoes with sole in PU/PU anti-abrasion, anti-static, anti-oil and anti-slip, designed to keep stability even on the most slippery surfaces. This safety shoe responds to the requirements of standard protection CI, ensuring complete isolation of the foot from the cold in the coldest months. Work shoes in standard protection S3S CI FO SR suitable for warehouse operator, electrician, carpenter, craftsman, logistics and transport.
