

Model: FORGE

Article: GUG00034

DESCRIPTION

Heavy-duty welding glove designed for tough jobs requiring advanced **protection against heat, cuts, and abrasions**. Crafted from premium-grade split **cowhide leather**, it ensures excellent **durability and resistance** even in the harshest working conditions. **Kevlar-threaded finger seams and reinforced palm and thumb areas** provide superior protection where wear is most likely.

The **inner lining in brushed cotton** offers comfort and warmth during prolonged use, while the **15 cm cuff extends protection** up to the forearm. Certified as **Category 3 PPE**, compliant with safety standards for welding operations. Available in size XL (10), blue color. In batches of 72 pieces with code GUG07234.
