DESCRIPTION

Soft, ultra-comfortable, hard-wearing and quick drying, **breathable sweatshirt** featuring **two pockets with drainage holes** and **vertical zipped breast pocket**. **Sweatshirt with adjustable fixed hood** and soft inner 100% polyester jersey lining plus **breathable underarm perforations**. The **reflective band** on the left side of the chest and hood guarantees visibility in the Asphalt Grey and Dark Green colour variants, and carbon effect bands in the Black Carbon variant. **Reflective print** of the “U-Power” logo on the right side of the chest. The elasticated **windproof cuff with thumbhole** also features a practical and innovative **watch hole**. The ideal sweatshirt to wear on its own or under a work jacket. Ideal for: **warehouse workers, couriers, logistics, building and bricklayers, electricians, plumbers, carpenters and artisans** in general, **gardeners and farming**.
