DESCRIPTION

Soft, ultra-comfortable, hard-wearing and quick drying, **breathable sweatshirt** featuring **two pockets with drainage holes** and **vertical zipped breast pocket**. **Sweatshirt with adjustable fixed hood** and soft inner 100% polyester jersey lining plus **breathable underarm perforations**. The **reflective band** on the left side of the chest and hood guarantees visibility in the Asphalt Grey and Dark Green colour variants, and carbon effect bands in the Black Carbon variant. **Reflective print** of the "**U-Power**" logo on the right side of the chest. The elasticated **windproof cuff** with **thumbhole** also features a practical and innovative **watch hole**. The ideal sweatshirt to wear on its own or under a work jacket. Ideal for: **warehouse workers**, **couriers**, **logistics**, **building** and **bricklayers**, **electricians**, **plumbers**, **carpenters** and **artisans** in general, **gardeners** and **farming**.
