

**Model:** **GARY s ESD**

**Article:** 0RV30336

**Protection Class:** S1 PS FO SR

**EU Norm:** EN ISO 20344:2021

## DESCRIPTION

Gary is a **men's work sandal** that responds to the needs of **lightness** and **comfort** without forgetting the need to always ensure **maximum protection**. Super light work sandals with upper in **microfibre with the water-repellent Nabuk effect**. Ultralight work shoes with **Wingtex lining with breathable air tunnel** that ensures an ideal microclimate in that it absorbs and disperses moisture thanks to its special microcells.

Comfort is increased by the **Original U-Power anatomic insole** in soft polyurethane, **breathable** and **antibacterial** for a sensation of durable and prolonged wellness. The safety is the same as always: **AirToe Aluminium toe cap** to protect the toes and front part of the foot and **ultralight Save&Flex Air anti-puncture system** that ensures maximum protection of the entire sole of the foot, being an anti-puncture insole sewn directly to the upper. A further innovation of these men's and women's work sandals is provided by the **anti-slip and anti-static sole in new generation PU blend**. The Gary work sandal is ideal for **craftsmen and women, electricians, carpenters, warehouse, transport and logistics workers**.
