

Model: HALLEY

Article: WHL393YF

DESCRIPTION

The **Halley** rain suit is the perfect solution to protect you from rain and wind during your workdays.

Consisting of a **jacket** and **overtrousers**, it is made from a **waterproof** yet slightly **breathable** fabric that ensures comfort and protection in any weather condition.

The heat-sealed seams provide full waterproof coverage. The jacket is designed with maximum safety in mind: it features a front zip closure and sewn-on **reflective bands** on the torso and sleeves, ensuring optimal visibility even in low-light environments.

The practical foldaway hood in the collar keeps you ready for sudden downpours. The overtrousers, with an elastic waistband for a comfortable fit, include pass-through pockets with Velcro closures for easy access to your clothing underneath.

Snap buttons at the leg hems allow you to adjust the fit. Reflective bands and heat-sealed seams are also included here for complete protection. This suit is designed to withstand up to 25 washes while maintaining its technical features and comfort.

The product is available only in packs of 1 piece (code HL393) or 10 pieces (code CY393).
