

HULK

WMP432

DESCRIPTION

High-visibility polo shirt made of flame-retardant modacrylic piqué, designed to provide intrinsic protection and certified visibility in a lightweight, technical garment. The segmented and heat-sealed FR reflective bands follow the body’s movements, ensuring high comfort and maximum freedom of action during work activities. The contrasting FR rib collar and cuffs offer durability and a stable fit, while the double-layer button placket with covered buttons enhances safety and long-lasting performance. Flame-retardant embroidered pictograms complete the garment. The reflective bands are washable at 60 °C for up to 25 cycles, making this high-visibility flame-retardant polo ideal for high-risk work environments.
