

Model: INARI

Article: WDW269DB

DESCRIPTION

The **Inari** work parka is the perfect solution for those who need a **winter garment** that's lightweight, durable, and highly functional.

This padded parka is **water-repellent** and features heat-sealed seams at the armholes and shoulders to ensure maximum protection against harsh weather. A soft microfleece inner collar, shaped hem, and adjustable Velcro cuffs provide a snug, comfortable fit that adapts to your needs.

Inari is a multi-pocket parka designed for unmatched practicality. On the front, you'll find two **zippered hand-warmer pockets** and a vertical multifunction chest pocket.

Inside, there are two large bottom pockets—one mesh and one zippered—plus an additional vertical chest pocket.

All your tools and personal items stay secure and within easy reach. The design is packed with thoughtful details that blend style and safety.

Reflective inserts on the chest and back enhance visibility in low-light conditions, while the concealed hood with drawstring adjustment offers extra protection when needed.

The jacket is also ideal for customization, thanks to a rear inner opening that makes printing and embroidery easy.

The Inari parka is your reliable partner for facing any work challenge in comfort and style.
