

**Model:** IRVIN s ESD

**Protection Class:** S1PS FO SR

**Article:** 0RN20036

**EU Norm:** EN ISO 20344:2021

## DESCRIPTION

Irvin are safety shoes made from **innovative materials** that enhance their amazing **Made in Italy design**. Safety and protection are combined in a modern and innovative design. Low-cut comfortable safety shoes with **breathable nylon upper with polyurethane** reinforcement scuff cap and **soft white calfskin lining** that extends from the toes to the heel providing excellent comfort and well-being and wrapping around the foot like a sock. Comfort is enhanced by the **Infinergy® system**, which guarantees an energy return of more than 55% at every step, ideal for those who do dynamic work. Greater safety and stability thanks to the **non-slip feature**. Irvin provides full protection to the toes and the forefoot thanks to the **AirToe Aluminium toe cap** while the fully **textile Save & Flex PLUS anti-puncture** system ensures total protection of the entire sole of the foot as it is stitched directly to the upper. Safety shoes equipped with **U-Power Original anatomical insole in soft, breathable and antibacterial leather**.
