

Model: IZAC UK s ESD

Protection Class: S3S CI FO SR

Article: LI20564

DESCRIPTION

S3S CI FO SR standard protection low-cut safety shoes with specific protection to insulate the feet from the cold. Wind 3D lining with ventilation channels which absorb the moisture produced by sweating feet, thus ensuring maximum breathability. Low-cut winter safety shoes with soft water-repellent Pull-Up leather and PU toe cap. Anatomic insole made of soft breathable and antibacterial polyurethane and LUPOS maxi soft footbed cover designed to ensure maximum comfort and a prolonged sensation of well-being for the feet. S3S low-cut safety shoes with super light CompoToe Composite toe cap and totally metal-free SAFE-System made of composite material to guarantee complete protection of the toes and sole of the foot. Anti-abrasion, antistatic anti-oil, non-slip, PU/PU sole ideal for jobs involving contact with oil and liquids because they have been designed to ensure maximum stability even on very slippery surfaces. The ideal shoes for use on rough ground and slippery surfaces, in outdoors and in cold and damp environments. They are suitable for sectors such as construction, maintenance and road works, port areas, installations, agriculture and gardening.
