

JONAS s ESD

LA20046

DESCRIPTION

Safety shoes with upper in MATRIX microfibre super resistant to abrasion with inserts in breathable nylon and Wingtex® lining designed to ensure maximum breathability thanks to the air channels that absorb moisture. Sole in PU/PU anti-abrasion, anti-static, anti-oil and anti-slip, designed to ensure maximum stability even on the most slippery surfaces. The super light CompoToe Composite toe cap ensures maximum protection of the toes and the front part of the foot, while the SAFE System anti-puncture system is made with a puncture-proof insole in composite material completely metal free. LUPOS maxi soft sock liner to ensure maximum comfort. Low-cut work shoes in standard protection S1PS FO SR, ideal for professions such as electrician, craftsman, carpenter, warehouse operator, haulier and logistics.
