

JURA

WEY396GM

DESCRIPTION

The **Jura** work fleece has been designed to offer you maximum comfort and warmth on the coldest days.

Unlike traditional models, it is made from a thicker and more durable fabric that provides excellent thermal insulation without compromising softness or **breathability**. This garment is tailored for those who value practicality and functionality.

It features two **zippered hand-warmer pockets** and a handy chest pocket—also with a zipper—perfect for keeping your essentials secure and within easy reach. The design is enhanced by a front zip with colorful teeth, adding a modern and lively touch.

Choose Jura if you're looking for a garment that combines style, comfort, and functionality in one solution—ideal for taking on every work challenge.
