

**Model:** LAPIS

**Article:** GUG00015

## DESCRIPTION

U-Power's Lapis **work gloves** offer excellent protection **against mechanical and thermal hazards** and are **ideal for the food industry** insofar as safe for contact with foodstuff. Made with a **15-needle finish**, they ensure an improved sense of touch and facilitate precision work. The **D-TECH technology**, using lightweight and thin materials, ensures the glove's **perfect fit**, excellent **protection** and a Second Skin Feeling, making it suitable for tasks requiring high sensitivity and dexterity. The **stretch Nylon cuff** ensures comfort during prolonged use, while the **touch feature** allows the use of smartphones and tablets without having to remove the gloves. Perfect for those who work in the food industry, Lapis gloves combine safety and functionality, ensuring maximum protection and comfort. Available in packs of 12 and 144 pieces.
