

LEGEND s

0RL1E134

DESCRIPTION

High and comfortable safety shoe, U-Power of the Red Over range, with upper in soft grain leather, water-repellent, aluminium-toe, GORE-TEX® lining and sole with + 300 ° contact resistance (1min), anti-oil, anti-slip and antistatic. PU/VIBRAM and Infinergy® sole.

UPPER

Full grain water repellent leather

LINING

GORE-TEX® Performance Membrane

TOECAP

AirToe Aluminium

ANTIPERFORATION

Save & Flex® PLUS® , pierce resistant “non metal”

MIDSOLE

WOW GEL

SOLE/TREAD

PU/VIBRAM and Infinergy®

ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

GORE-TEX®

Thanks to the GORE-TEX® membrane, water stays out whilst sweat is wicked away, ensuring dry feet and optimal breathability in all working conditions. The technology also provides an effective barrier against the penetration of common chemicals, ensuring lasting protection and comfort throughout the day.

PROTECTION CLASS

S7S CI HI HRO FO SR

EU NORM

EN ISO 20345:2022 S7S HI CI HRO FO SR

SIZES

35-48 (UK: 2-13)

VIBRAM®

A world leader in the industry, Vibram® develops rubber soles designed to ensure grip, stability, durability and safety. The result of over 80 years of research and innovation, they combine advanced design and exclusive compounds to deliver high performance, comfort and reliability in any environment.

AIRTOE ALUMINIUM TOE CAP

Made from aluminium to combine lightness with protection, ensuring thermal and dynamic comfort for the foot. Weighing approximately 54 grams, it is designed to maintain high safety standards without adding weight to the footwear.

SAVE & FLEX® PLUS

Save & Flex® PLUS anti-perforation insert. Textile, metal-free protective insert designed to provide superior lightness and flexibility compared to traditional steel plates. Sewn directly onto the upper, it ensures full-foot plantar protection. It offers sole penetration resistance up to 1100 N in compliance with current safety standards.

WOW GEL

Anatomical footbed with arch support structure made from a soft dynamic BASF compound, featuring self-moulding properties to evenly distribute body weight pressure. The structure is combined with a soft anti-shock gel insert in the heel area, designed to absorb impacts and optimize walking comfort.

INFINERGY®

Closed-cell expanded polyurethane cushioning insert designed to return energy with every step. Engineered to reduce muscle fatigue, it provides consistent energy return during both walking and prolonged work activities, ensuring high levels of comfort and long-lasting cushioning in all working conditions.
