LONDRA o ESD

0RI21062

DESCRIPTION

Black safety shoes with **highly breathable** New Safety Dry **water repellent** upper and Wingtex® air tunnel inner lining. **Anti-slip work shoes** with lightweight **Airtoe Composite toe cap** that weighs only 50 gr and **anti-static**, **oil-resistant**, **abrasion-resistant**, PU/PU **sole**. **Work shoes for men** and **women**, ideal for different areas of use. **Chef shoes,** for the **food**, **healthcare** and **nursing personnel** sectors. **Londra** is a style of **safety footwear** which ensures comfort and long-lasting well-being thanks to the WOW2 insole which, thanks to its self-modelling properties and the **anti-fatigue insert**, allows for a considerable reduction in body stress and improves stability and the balance.

UPPER

New Safety Dry, water repellent and breathable

LINING

Wingtex® breathable air tunnel

TOECAP

AirToe Composite

ANTIPERFORATION

Not present

MIDSOLE

WOW2 anti-fatigue

SOLE/TREAD

Abrasion resistant, oil resistant, anti-slip, anti-static PU/PU

ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

AIRTOE COMPOSITE TOECAP

A versatile solution made from a completely metal-free composite material. Weighing approximately 50 grams, it offers excellent thermal insulation and a lightweight design suitable for prolonged use in a variety of working environments.

PROTECTION CLASS

S2 FO SR

EU NORM

EN ISO 20345:2022 SB S2 FO SR

SIZES

35-48 (UK: 2-13)

ESD (ELECTROSTATIC DISCHARGE)

Technology designed to continuously dissipate electrostatic charges accumulated by the human body to the ground. Certified footwear complies with the requirements of the CEI EN 61340 standards for the protection of electronic components, making it suitable for use in EPA (Electrostatic Protected Area) environments during both production and handling of sensitive devices.

WOW 2

Anatomical footbed composed of two technical elements: an arch support structure made from a dynamic BASF compound with self-moulding properties, designed to evenly distribute body weight, and an anti-fatigue insert made from a special BASF compound. This combination reduces bodily stress caused by prolonged standing, helping to minimize daily fatigue throughout the working day.
