

**Model:** MACK s ESD

**Protection Class:** S3S CI FO SR

**Article:** LI20514

## DESCRIPTION

S3 safety shoes made of highly anti-abrasion, breathable, water-repellent PUTEK® PLUS with antistatic webbing, completely vegan, with no animal-based components. Wind 3D lining with ventilation channels for improved breathability. These non-slip safety shoes guarantee excellent protection thanks to the toe cap featuring CAP Light technology which ensures 50% less weight, and to the SAFE System anti-perforation system. The comfort of this S3S CI FO SR standard work shoe is guaranteed by the Infinergy system by BASF which ensures greater energy and vitality and by the sole made of non-slip and anti-abrasion polyurethane foam designed to guarantee a stable posture. This safety shoe is ideal for cold and damp environments such as construction sites, and for logistics and transport, electricians, carpenters, artisans and warehouse workers because it meets the requirements of CI standard protection.
