

MARC

0PU80012

DESCRIPTION

The **U-Power wellington boot** designed to provide protection and lightness in a single solution. The **PU SOFT** shaft ensures resistance to wear while the **minimal weight** makes this shoe ideal for people who work long hours on their feet. The inner **polyester lining** aids air circulation while keeping feet dry and comfortable. The **FiberToe toe cap** also protects the toes from any knocks, making Marc suitable for moderately hazardous work environments. The **compact polyurethane sole**, produced with spray technology, has a **light tread** which combines lightness and stability. Available in sizes from 35 to 48.

MIDSOLE

U-Power original

SOLE/TREAD

Compact polyurethane, spray injection - Light tread

ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

FIBERTOE TOE CAP

Made from fibreglass to provide high mechanical resistance to impact and crushing. Weighing approximately 52 grams, it offers thermal insulation, flexibility and comfort, whilst keeping the footwear lightweight and safe.

U-POWER ORIGINAL

Anatomical footbed with arch support structure made from a soft dynamic BASF compound. It features self-moulding properties designed to evenly distribute body weight pressure across the sole of the foot, reducing pressure points and optimizing dynamic comfort.
