

Model: MATTEO s

Protection Class: S7S CI HI HRO FO SR

Article: LI10604

DESCRIPTION

Waterproof winter work shoes in standard protection S7S CI HI HRO FO SR with specific protection for isolation of the foot from the cold. Upper in waterproof soft leather Pull-Up and ultra-breathable Wingtex lining that absorbs moisture thanks to ventilation channels. High-cut S7S safety shoes designed to isolate the bottom of the shoe from heat but also to allow the sole to resist contact heat. CompoToe Composite safety toe cap with safety toe cap in PU to ensure maximum protection of the toes and the front part of the foot. SAFE System anti-puncture system to ensure complete protection of the sole of the foot. Comfortable high-cut work shoes with anatomic insole in breathable and antibacterial soft polyurethane with LUPOS soft sock liner and elastopan by BASF that ensure an optimal fit. The sole of these waterproof safety shoes is in polyurethane foam and Vibram, designed to be super resistant and ensure maximum stability and grip even on the roughest terrain and surfaces. Shoes that are ideal for the chemical industry, cold and humid environments, steel, oil and assembly.
