

MOCK s ESD

LV20044

DESCRIPTION

S3S CI FO SR standard protection super light work shoes including a water-repellent, Nubuck-effect micro-fibre upper. The Wind 3D lining of these safety shoes ensures maximum breathability thanks to the ventilation channels while comfort is guaranteed by the anatomic, breathable and antibacterial insole. Comfortable and lightweight safety shoes with ultra-lightweight polyurethane foam anti-abrasion, anti-oil, non-slip, antistatic sole which guarantees lightness, prolonged well-being and maximum stability. The protection of the toes and foot is ensured by the AluToe Aluminium safety toe cap made of super light aluminium and by the anti-perforation, non-slip, super light insole. Specific protection for insulating the feet against the cold. S3 safety shoes suited to jobs, such as artisans, electricians, warehouse workers, carpenters, logistics and transport.
