

Model: MONTANA UK s ESD

Protection Class: S3S CI FO SR

Article: 0RI11554

EU Norm: EN ISO 20344:2021

DESCRIPTION

Safety shoes ideal for rainy days thanks to the soft, **breathable, water-repellent, pull-up leather** upper. Montana UK is a work shoe with a lightweight Air Toe **composite toe cap** which ensures maximum protection of the toes and front part of the foot. Foot safety is increased by the **Save&Flex® PLUS anti-perforation system** consisting of a totally “**metal-free**” anti-perforation insole which protects the entire sole of the foot because it is **sewn directly onto the upper**. Montana UK is also a very comfortable work shoe that ensures maximum comfort thanks to the **WOW2 anti-fatigue insole**, designed to guaranteed balance and the distribution of shocks at work. The **sole** of this high-top safety shoe is **made of abrasion resistant, oil resistant, non-slip, and anti-static PU/PU**. Lastly, it features **specific protection to insulate** the bottom of the shoe **from the cold**, certified with CI standard protection.
