**Article:** 0RI20324

## DESCRIPTION

Comfortable, light and carbon Offset safety footwear that uses raw materials taken from recycled materials and from materials obtained from renewable sources, in respect of the environment and eco-sustainability. U-Power Green shoes from the Red Industry Green range are Carbon Neutral and promote climate neutrality, whilst maintaining a high level of protection and comfort, with the recognised quality of the U-Power name. The soft, micro-fibre upper uses a high percentage of recycled materials, as does the Wingtex® Green breathable air tunnel inner lining. Whilst the anti-slip, oil resistant, ESD and anti-puncture sole and the anatomic, self-moulding, anti-bacterial, anti-static WOW2 Green insole are 100% made from materials obtained from renewable sources and ensure high grip and prolonged comfort. The toe is protected by the ultra-light AirToe Composite toe cap weighing just 50 gr whilst the Save & Flex Plus Green system, which uses 59% recycled material, guarantees 100% protection across the entire footbed. This ecological safety footwear are ideal for winter and in logistics, automotive, assembly line and industrial working conditions.

### UPPER

Soft micro-fibre with high percentage of recycled material and breathable inserts

### LINING

Wingtex® Green breathable air tunnel containing 66% recycled material

### TOECAP

AirToe Composite

### ANTIPERFORATION

Save & Flex PLUS® Green, anti-puncture, "no metal" insole containing 59% recycled material

### MIDSOLE

WOW2 Green

### SOLE/TREAD

PU by BASF 100% made of renewable resource. Compact, abrasion resistant, oil resistant, anti-slip and ESD

### ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

### SIZES AVAILABLE

35-48 (UK: 2-13)
