

Model: NATURAL UK s ESD

Protection Class: S3S CI FO SR

Article: 0RI20324

EU Norm: EN ISO 20344:2021

DESCRIPTION

Comfortable, light and carbon Offset safety footwear that uses raw materials taken from recycled materials and from materials obtained from renewable sources, in respect of the environment and eco-sustainability. U-Power Green shoes from the Red Industry Green range are Carbon Neutral and promote climate neutrality, whilst maintaining a high level of protection and comfort, with the recognised quality of the U-Power name. The soft, micro-fibre upper uses a high percentage of recycled materials, as does the Wingtex® Green air tunnel inner lining. Whilst the anti-slip, oil resistant, ESD and anti-puncture sole and the anatomic, self-moulding, anti-bacterial, anti-static WOW2 Green insole are 100% made from materials obtained from renewable sources and ensure high grip and prolonged comfort. The toe is protected by the ultra-light AirToe Composite toe cap weighing just 50 gr whilst the Save & Flex Plus Green system, which uses 59% recycled material, guarantees 100% protection across the entire footbed. This ecological safety footwear are ideal for winter and in logistics, automotive, assembly line and industrial working conditions.

UPPER

Soft micro-fibre with high percentage of recycled material
