DESCRIPTION

S3S safety shoes designed to guarantee maximum breathability and stability, as well as prolonged comfort all day long. Wind 3D lining with ventilation channels to ensure breathability and well-being and water-repellent, Nubuck-effect micro-fibre upper. These lightweight work shoes guarantee maximum safety for the entire foot thanks to the Alutoe Aluminium toe cap made of super light aluminium which protects the toes and anti-perforation system consisting of an anti-perforation, non-slip, ultra-lightweight insole. Anatomic, breathable and antibacterial polyurethane for greater comfort. Lightweight safety shoes which meet the S3S CI FO SR standard protection requirements for insulating the feet from the cold and ensuring maximum stability on slippery surfaces thanks to the latest-generation ultra-lightweight sole made of anti-oil, anti-abrasion, antistatic polyurethane foam. Ideal shoes for work environments such as transport and logistics, and for jobs such as carpenters, electricians, warehouse workers and artisans.
