

Model: OPEN

Article: WHY353GM

DESCRIPTION

The **Open** work vest is the ideal solution for those seeking comfort and functionality without compromising on lightness. Crafted from a durable **stretch cotton/polyester fabric**, it ensures excellent freedom of movement and a comfortable fit that lasts all day long. Its **breathable structure** helps keep you cool and comfortable even in the most demanding conditions.

Durability is a key strength: the vest is reinforced with 600D poly oxford inserts at high-wear points, making it tough and built to last. The central zip fastening makes it quick and easy to put on, so you can focus entirely on your work.

Open is a multi-pocket vest designed for maximum convenience. It features two large front pockets with flap and Velcro closures—perfect for safely storing your personal items.

On the chest, you'll find a **phone pocket** with flap and Velcro, which includes a handy retractable ID **badge holder**, as well as a pen pocket to keep your essential tools within reach. For added safety, the design includes **reflective inserts** on the upper chest and back, enhancing your visibility in low-light conditions.

The Open vest is the perfect choice for professionals looking for reliable, comfortable, and practical gear to tackle any work challenge.
