

Model: QUIMBY s ESD

Protection Class: S1PS FO SR

Article: LV20056

DESCRIPTION

Women's lightweight safety shoes with breathable nylon upper and breathable anti-abrasion film. Breathable work shoes with Wind 3D lining featuring ventilation channels which ensure maximum breathability and well-being. Protection of the toes and front part of the foot is guaranteed by the AlueToe Aluminium ultra-lightweight aluminium toe cap and by the anti-perforation, non-slip, ultra-lightweight sole. Women's lightweight safety shoes with anti-abrasion, oil-resistant, non-slip, antistatic and anatomic insole. The sole of this work shoe is latest-generation and made of PU with reduced weight and antistatic, non-slip, anti-oil and anti-abrasion properties to ensure lightness and maximum stability. S1PS FO SR standard protection shoes, ideal for warehouse workers, logistics, transport, electricians, carpenters and artisans.
