

Model: **ROCK**

Article: WDW361DB

DESCRIPTION

The **Rock** work trousers are the perfect choice for those who demand durability and freedom of movement without compromise.

Crafted from tough **stretch cotton/polyester fabric**, they offer all-day comfort thanks to elastic inserts at the waist that flex with your every move. The **breathable material** helps keep your skin fresh, even during the most demanding tasks.

Built to last, these trousers feature triple-stitched seams and a reinforced rear yoke for enhanced lower back protection. The poly-oxford knee pad pockets, accessible from the bottom and secured with Velcro, ensure easy use and are compatible with the **ergonomic** EN 14404-certified **knee pads** (Type 2, Level 1), item GC061BC.

The hem can be extended by 5 cm for a custom fit. Functional and practical, the Rock trousers are equipped with multiple pockets to keep all your tools within reach: two spacious front pockets, two back pockets with flaps and Velcro, and a zipped coin pocket.

A multifunctional side pocket with Velcro features a retractable **badge holder**, while a **tape measure pocket** and a **hammer loop** complete the design. For added safety, the trousers include **reflective inserts** below the knees, on the side pocket, and on the back pockets to boost visibility in low-light conditions.

A **soft plastic D-ring** and a front zip with scratch-resistant rubber button add extra toughness and reliability to this essential workwear garment.
