## DESCRIPTION

Safety work shoes in standard protection S3S CI FO SR, designed to isolate the foot from the cold in the winter months and keep stability on the most slippery surfaces. Upper in PUTEK® PLUS highly resistant to abrasion, water repellent and breathable and reinforcement safety toe cap in PU for further protection of the toes and the front part of the foot. Wingtex® lining with air channels, designed to ensure breathability and dry feet thanks to the air channels that absorb the moisture produced by perspiration of the foot. The comfort of this safety shoe is provided by the anatomic insole in breathable and anti-microbial soft polyurethane and by the sock liner in LUPOS maxi soft, while safety is ensured by the Compo Toe Composite toe cap and by the anti-puncture insole, completely metal free in composite material. The sole of these S3S work shoes is made in PU/PU and is anti-static,anti-abrasion, anti-oil, and anti-slip to ensure maximum stability. High-cut safety shoes ideal for transport and logistics and for professions such as craftsman, electrician, warehouse operator and carpenter.
