

**Model:** SPIX

**Article:** GUG00038

## DESCRIPTION

High-performance nitrile glove with a palm thickness of approximately 0.38 mm, designed to provide comfort and advanced chemical protection. The absence of inner flock lining reduces the risk of lint contamination. Compliant with EN ISO 374 Type A, PPE Cat. 3 and suitable for food contact. 33 cm cuff length for extended protection. Pack of 12 pieces.

Also available in a pack of 60 pieces with code GUG14438
