

Model: THOMAS s ESD

Protection Class: S3S CI FO SR

Article: 0RV20134

EU Norm: EN ISO 20344:2021

DESCRIPTION

Lightweight safety work shoes with upper in Nubuck-effect soft microfibre. These **low work shoes**, with **AirToe Aluminium** light toe cap, feature an **ultra-light sole** built using a new generation **anti-abrasion, anti-oil, anti-slip** and **antistatic** PU compound. The brand new **puncture-proof textile insole** makes these **work shoes lighter** than traditional models ensuring the protection of the sole of the foot.

The use of these **innovative materials** for the outsole and the anti-puncture system, together with the **Airtoe® aluminium toe cap**, allow a **considerable reduction in the overall weight of the work footwear**, which greatly benefits the performance and well-being of the worker. CI safety footwear, with special **protection of the sole from the cold**, ideal for: **electricians, carpenters, craftsmen, warehouse workers**, and for workers in the **transport & logistics** sector. The **U-Power Original insole**, built using a light polyurethane compound ensures comfort and foot health thanks to its **antibacterial, anatomical** and **breathable characteristics**. **WingTex Air tunnel lining**. **Safety shoes for men and women.**
