TOM o ESD

LE20052

DESCRIPTION

S2 work shoes designed to ensure stability and long-lasting comfort. New Safety Dry upper, water repellent and breathable with a high percentage of recycled material and ultra-breathable Wind 3D lining that absorbs and disperses moisture. The safety of the toes and the front part of the foot is ensured by the CompoToe Composite toe cap in light composite material. The sole of these work shoes is in 100% renewable PU by BASF and is anti-abrasion, anti-static, anti-oil and anti-slip, ensuring maximum stability even on the most slippery surfaces. Work shoes in standard protection S2 FO SR ideal for industry and the chemical sector.
