TREK

WFU342GG

DESCRIPTION

Trek is the **U-Power cargo trouser** designed for those seeking the perfect blend of practicality, comfort, and modern style. **Made from U-4 stretch fabric**, these trousers offer total freedom of movement thanks to four-way elasticity and **water-repellent**, **breathable**, **quick-drying properties**. **Ideal for both work and leisure**, the Trek trousers combine technical details with a contemporary design. The jogging-style fit, ensured by the stretch fabric and inserts at the waist and cuffs, provides maximum comfort, while the ankle zips make them easy to wear with high-top shoes or boots. **Multiple pockets** - including two front, two zipped back and two multi-purpose side pockets with Velcro - are perfect for stowing badges, tools, or personal items. Protection and durability are guaranteed by the **anti-wear knee reinforcements** and the accentuated rear yoke, which ensure these trousers stand up to even the most demanding tasks. A reinforced loop with a D-ring keeps your tools always at hand. **Reflective details** - such as reflex inserts behind the knees, at the ankles and on the back loop - **enhance visibility in low-light conditions**. The reflective “U-Power” logo under the right pocket and the “lion’s head” rubber label on the left pocket add a stylish touch. Available in four different color variations: Black Black, Deep Blue, Dark Green, Grey Grey.

U-4

Technical stretch fabric ensuring freedom of movement, tear resistance and water repellency. Breathable and quick-drying for long-lasting comfort.
