TUTENDO

WFU287BB

SIZES

S-5XL

COMPOSITION

150D*150D Polyoxford coated TPU with internal graphene printing, 150 g/m²

DESCRIPTION

Rainproof shell with internal graphene print with **thermoregulating**, **bacteriostatic** and **odour-control properties**. The presence of graphene inside this **breathable waterproof shell** allows for an active interaction between fabric and body, favouring the **homogeneous distribution of heat** throughout the body. **Shell jacket suitable for all weather conditions**, equipped with many pockets: **two front pockets**, a vertical **pocket** on the **chest** with waterproof zip closure, **two** large **inside pockets**. **Men's shell jacket** with fixed adjustable hood with drawstring and central closure with waterproof zip. Thermo-taped seams and **air intakes on the back** to increase the degree of breathability. **Tutendo** is a **rainproof shell jacket** with adjustable bottom with drawstring; adjustable cuffs with velcro. The design is enriched by a **reflex band** on the chest and on the hood. Reflective print of the **"U-Power" logo** on the chest and **"U-Supremacy" print** on the back. **Waterproof shell** suitable for **transport** and **logistics**, **building** and **construction**, **service** and **industry**, **agriculture** and **gardening** and for **craftsmen** in general. **Tutendo** coordinates with **Bioko** trousers.

GRAFENE

Ultra-light structure with high thermal conductivity that promotes even heat distribution, offers antimicrobial properties and enhances fabric durability.
