

Model: **TYLER s ESD**

Article: 0RV10304

Protection Class: S3S CI FO SR

EU Norm: EN ISO 20344:2021

DESCRIPTION

Lightweight hi-top safety footwear with AirToe toe cap made of aluminium. **Water-repellent upper** made of soft Nubuck-effect microfibre. The use of the innovative, latest-generation PU mix sole for these **safety shoes** results in a **significant overall reduction in weight** of the footwear for improved performance and comfort during the working day. **Lighter safety shoes** thanks also to the use of the all-fabric **Save & Flex Air anti-perforation system** and the **U-Power Original anatomic insole** with self-modelling and antibacterial properties. **Hi-top safety shoes** with special **protection of the sole from the cold** (At temp. ≤ 10 °C.) which makes this style suitable in all work situations with frequent exposure to low temperatures and in damp environments, such as **transport & logistics**, for use by **warehouse workers, plumbers, and electricians**, etc. Men and women's **non-slip shoes with anti-abrasion, anti-oil and antistatic sole** and WingTex air tunnel **ultra-breathable lining**.
