

VENTURA s ESD

ORL10614

DESCRIPTION

Carbon Offset work shoes that meet the needs of eco-sustainability and respect for the environment guaranteeing zero CO2 emissions. Ventura is a high-top safety shoe made from **renewable sources** and **recycled materials** to achieve **zero CO2 emissions** while guaranteeing comfort, safety and all the quality of the U-Power brand. Safety footwear with **AirToe toe-cap in Ultra-light Aluminium** to protect the toes; **Save&Flex** plus green **anti-puncture system that is totally "Metal Free"** made from 59% recycled materials and reinforcement toe cap. Ventura are safety shoes with a **Putek® Spider Repet upper** made using a high percentage of recycled materials; the use of the Hypertex technology guarantees high scuff resistance. **Wingtex® Green lining** with **breathable air tunnel** made from 66% recycled materials.

Maximum energy thanks to the **Infinergy® system**, which guarantees an **energy return of over 55%**. **Anatomical, antibacterial, antistatic** and **self-modelling WOW Green PU footbed** by BASF for long-lasting well-being and comfort.

Scuff resistant, oil resistant, anti-slip and anti-static PU **sole** by BASF, **100% obtained from renewable sources**. Eco-sustainable work shoes ideal for: **logistics, industry, automotive** and **assembly lines**.

UPPER

PUTEK® spider repet with a high percentage of recycled material

LINING

Wingtex® Green breathable air tunnel containing 66% recycled material

TOECAP

AirToe Aluminium

ANTIPERFORATION

Save & Flex® PLUS® Green

MIDSOLE

WOW Green PU insole by BASF

SOLE/TREAD

PU by BASF obtained from 100% renewable sources and Infinergy®

ANATOMICAL INSOLE

Natural Confort 11 Mondopoint

AIRTOE ALUMINIUM TOE CAP

Made from aluminium to combine lightness with protection, ensuring thermal and dynamic comfort for the foot. Weighing approximately 54 grams, it is designed to maintain high safety standards without adding weight to the footwear.

ESD (ELECTROSTATIC DISCHARGE)

Technology designed to continuously dissipate electrostatic charges accumulated by the human body to the ground. Certified footwear complies with the requirements of the CEI EN 61340 standards for the protection of electronic components, making it suitable for use in EPA (Electrostatic Protected Area) environments during both production and handling of sensitive devices.

INFINERGY®

Closed-cell expanded polyurethane cushioning insert designed to return energy with every step. Engineered to reduce muscle fatigue, it provides consistent energy return during both walking and prolonged work activities, ensuring high levels of comfort and long-lasting cushioning in all working conditions.
