

WALL

WFU278AG

DESCRIPTION

Work vest with graphene padding and excellent thermoregulation properties **that distributes heat** when necessary and **provides the body with the ideal micro-climate** in case of low temperatures. The innovative **graphene fabric** guarantees an **even distribution of heat** making this **men's padded vest** suitable for any weather condition, ensuring maximum comfort. **Water-repellent vest with bacteriostatic properties** to control bad odours and ensure better garment hygiene even in case of prolonged use. Multi-pocket vest with **two front pockets** with zip closure, vertical **chest pocket** with zip, and **inner pocket** with Velcro fastener. Hem and armhole in stretch fabric, side **inserts in soft stretch Softshell** to ensure **optimal fit** and comfort. Wall is a sporty **breathable vest with a reflective "U-Power" logo print** on the right side of the chest and a **"U-Supremacy" print** on the back. **Work vest** suitable for **transport and logistics, building and construction, service and industry, craftsmen, electricians, plumbers, mechanics, tire dealers, agriculture, gardening** and also for **leisure activities**.

GRAFENE

Ultra-light structure with high thermal conductivity that promotes even heat distribution, offers antimicrobial properties and enhances fabric durability.

EU NORM

CE EN ISO 13688

SIZES

XS-5XL
