

## WALL

WFU278BC

### DESCRIPTION

**Work vest with graphene padding** and excellent thermoregulation properties **that distributes heat** when necessary and **provides the body with the ideal micro-climate** in case of low temperatures. The innovative **graphene fabric** guarantees an **even distribution of heat** making this **men's padded vest** suitable for any weather condition, ensuring maximum comfort. **Water-repellent vest with bacteriostatic properties** to control bad odours and ensure better garment hygiene even in case of prolonged use. Multi-pocket vest with **two front pockets** with zip closure, vertical **chest pocket** with zip, and **inner pocket** with Velcro fastener. Hem and armhole in stretch fabric, side **inserts in soft stretch Softshell** to ensure **optimal fit** and comfort. Wall is a sporty **breathable vest with a reflective "U-Power" logo print** on the right side of the chest and a **"U-Supremacy" print** on the back. **Work vest** suitable for **transport and logistics, building and construction, service and industry, craftsmen, electricians, plumbers, mechanics, tire dealers, agriculture, gardening** and also for **leisure activities**.

### GRAFENE

Ultra-light structure with high thermal conductivity that promotes even heat distribution, offers antimicrobial properties and enhances fabric durability.

### EU NORM

CE EN ISO 13688

### SIZES

XS-5XL

### COMPOSITION

OUTER FABRIC: 100%  
240T MICRO RIPSTOP  
polyester pongee - 110 gr/m<sup>2</sup>  
PADDING: 100% graphene  
fibre polyester LINING: 100%  
nylon
