

Model: WARNER s ESD

Protection Class: S1PS FO SR

Article: LV20026

DESCRIPTION

S1PS FO SR standard protection safety shoes designed to be lightweight and breathable and guarantee maximum stability and adherence to the ground. They are comfortable and lightweight safety shoes with a breathable nylon lining and anti-abrasion, breathable film and Wind 3D super breathable lining thanks to the ventilation channels. Safety is guaranteed by the AluToe Aluminium lightweight aluminium safety toe cap for the protection of the toes and the front part of the foot while the sole of the foot is protected by the anti-perforation, super light and non-slip insole. Lightweight work shoes with anatomic insole made of soft, breathable, antibacterial polyurethane. The sole is made of latest-generation super light, anti-abrasion, anti-oil, non-slip and antistatic polyurethane foam, designed to ensure maximum stability, even on very slippery surfaces. Safety shoes, ideal for warehouse workers, electricians, carpenters, artisans, transport and logistics.
