

SIZES

S-5XL

COMPOSITION

OUTER FABRIC: 100% 240T MICRO RIPSTOP Polyester pongee (110 gr/m^2) PADDING: 100% Graphene fibre polyester LINING: 100% Nylon

WINK

WFU255DG

DESCRIPTION

Innovative, lightweight and hard-wearing **winter work jacket** with **graphene padding**. The graphene fabric allows for an even distribution of heat, ensuring **comfort** and **well-being in any climate conditions**. **Hooded jacket** - adjustable fixed hood with elasticised drawstring and central zip. **Water-repellent jacket** with soft **microfleece inner** collar and straight bottom with internal drawstring adjustment. The cuffs have velco fastenings and an inner **windproof cuff** with a **thumb hole**. Comfortable and functional **multi-pocket jacket**. The front part has **two hand warmer pockets** with drainage holes plus **two vertical pockets** and an additional vertical **pocket** on the **chest**, all with zip closure. In addition to the front pockets, there are also **two spacious internal** pockets, one with a zip. The design of this **technical work jacket** is enhanced by a **reflective band** on the left side of the chest and on the hood in the Asphalt Grey and Dark Green colours variants, and carbon effect bands in the Black Carbon variant. **“U-Power” reflective logo** print on the right side of the chest and **“U-Supremacy” print** on the back. Rear inner opening to allow the customisation of the work jacket and facilitate prints and embroidery. **Work jacket** suitable for **transport and logistics**, **building** and **construction**, **services and industry**, **artisans**, **electricians**, **plumbers**, **farming** and **gardening**.

GRAFENE

Ultra-light structure with high thermal conductivity that promotes even heat distribution, offers antimicrobial properties and enhances fabric durability.
